The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that the School District of Borough of Morrisville, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production.

- Honor roll or other recognition lists.
- Graduation programs

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings – unless parents/guardians have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the District to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by the third Monday in September. The District has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports.
- Degrees, honors, and awards received.

### **Confidential Communications of Students**

The Board recognizes that some written and oral communications between students and school personnel are confidential.

The Board directs school personnel to comply with all federal and state laws, Department of Education regulations and Board policy concerning confidential communications of students.

Information received in confidence from a student may be revealed to the student's parent/guardian, building principal, or other appropriate authority by the staff member who received the information when the health, welfare or safety of the student or other persons clearly is in jeopardy.

Use of a student's confidential communications to school personnel in legal proceedings is governed by statutes and regulations appropriate to the proceedings.

In qualifying circumstances, a staff member may reveal confidential information to the building principal and other appropriate authorities.

In qualifying circumstances, the building principal may reveal confidential information to a student's parents or legal guardians and other appropriate authorities, including law enforcement personnel.

[Please Refer to Board Policy 207](#)

## SECTION 2: ACADEMIC INFORMATION

### ACADEMIC INTEGRITY

Morrisville Middle/Senior High School challenges its students to become independent, life-long learners. For such learning to be meaningful, it must be the product of one's own effort. For this very reason, the staff views any activity which is inconsistent with this understanding as "cheating." Cheating, in any form, will not be tolerated. Plagiarism is one form of cheating that is prohibited. Copying another person's work and passing it off as one's own is inappropriate and deceitful. A consequence for cheating is failing the assignment/project and/or re-submitting the assignment/project for *considerably* lower credit (determined by the teacher). If a student chooses not to complete the assignment, then the student is choosing to fail.

### GRADING, GRADUATION, & COURSE INFORMATION

#### Reporting Pupil Progress

The Board believes that the cooperation of school and home is a vital ingredient in the growth and education of the whole child. It recognizes its responsibility to keep parents or guardians informed of student welfare and progress in school. It also recognizes the effects of State Board regulations and federal regulations governing school records.

[Please refer to Board Policy 212](#)

#### Total Points Grading System

All students within grades 6-12 are graded based upon a total points system. A student's cumulative grade is calculated on the total points earned, divided by the total points attempted. Each grade-level team or department is responsible for communicating their total points values to students and families within their course syllabi.

#### Grade System

A+ = 100 – 97 (4.0)	A = 96 – 93 (3.88)	A- = 92 – 90 (3.67)
B+ = 89 – 87 (3.33)	B = 86 – 83 (3.0)	B- = 82 – 80 (2.67)
C+ = 79 – 77 (2.33)	C = 76 – 73 (2.0)	C- = 72 – 70 (1.67)
D+ = 69 – 67 (1.33)	D = 66 – 63 (1.0)	D- = 62 – 60 (.67)
F = 59 or below (0)		

#### Honor Roll

In order to promote and celebrate high academic success, students may receive honor roll if they meet specific criteria. Students may make the 'Principal's Honor Roll' if they have obtained all A's for the marking period. Students may make "Honor Roll" if they have a B average (GPA = 3.0 or better) with no grade below a C.

#### Required Midterm and Final Exams

Reflecting the academic needs of our students, the Middle/Senior High School's grading system and the need for preparatory experience in testing, the district shall require all students grades 9-12 to take final exams for all courses and both midterm and final exams for year-long courses.

The exceptions to the exam requirement may be physical education, art, music, and industrial arts, which may require either an exam or project as determined by the teacher with the approval of the principal.

### **Grading Procedures (High School Only)**

The final grade for a full credit course is determined by adding the four marking period grades and averaging the midterm and final examinations. The midterm and the final exams each represent one-tenth of the final grade. To pass a course, a student must have, minimally, a D average.

### **Class Rank**

The Board acknowledges the usefulness of a system of computing grade point averages and class ranking for secondary school graduates to inform students, parents or guardians, and others of their relative academic placement among their peers under relatively similar circumstances.

[Please refer to Board Policy 214 and 214 AR-0](#)

### **Promotion and Retention**

The Board recognizes that the emotional, social, physical, and educational development of students will vary and that students should be placed in the educational setting most appropriate to their needs. The district will establish and maintain high standards for each grade and monitor student achievement in a continuous and systematic manner.

[Please refer to Board Policy 215 and 215 AR-0](#)

All students should move forward in a continuous pattern of achievement and growth that is in harmony with their development. Students will be promoted when they successfully achieve the learning objectives established for the present level.

Senior High students are classified as freshmen (9<sup>th</sup>), sophomores (10<sup>th</sup>), juniors (11<sup>th</sup>), and seniors (12<sup>th</sup>).

1. To be classified as a freshman a student must have successfully completed 8<sup>th</sup> grade.

**\*Students Earning a Scholar's Diploma must also meet the Act 158 Keystone Proficiency or Composite Pathway**

## **ACT 158 PATHWAYS TO GRADUATION**

In recognition that standardized testing is not a predictor of a student's future success, the Pennsylvania Department of Education (PDE) created Act 158, which provides alternative pathways to graduation. Traditionally, all students graduating high school within the state of Pennsylvania were anticipated to score a minimum of Proficient upon their Keystone Exams. Keystone Exams are end of course assessments designed to determine a student's ability in Algebra I, Literature, and Biology. Beginning with the class of 2023, the PA Department of Education has provided students with the option to demonstrate postsecondary preparedness through one of four additional pathways that more fully illustrate college, career, and community readiness. In order to graduate from high school, all students must meet one of the four pathways. Each pathway is outlined below.

**Keystone Proficiency Pathway:**

A student must score Proficient or Advanced on all 3 Keystone exams.

**Keystone Composite Pathway:**

A student must earn an overall combined score of 4452 across all 3 Keystone exams. A student must also obtain a Proficient or Advanced score on at least one exam.

**Alternative Assessment Pathway:**

A student must complete one of the following requirements:

13. Obtain a passing score on one alternative assessment: ACT (21), ASVAB (31), PSAT (970), or SAT (1010).
14. Acceptance into a 4 year institution of higher education

**Evidence-Based Pathway**

A student must demonstrate readiness for postsecondary engagement through three pieces of evidence from the student's career portfolio aligned to the student's goals and career plan.

The portfolio must include one piece of evidence from the following domain.

15. 630 or better on any SAT Subject test
16. Successful completion of any concurrent or postsecondary course
17. Industry recognized credentials
18. Acceptance into an other-than-4 year Institution of Higher Education for college-level course work.

The portfolio must include two pieces of evidence from the following domain.

19. Attainment of Proficient or Advanced on any Keystone Exam
20. Successful completion of a Service-Learning Project
21. Letter guaranteeing full-time employment or military enlistment
22. Completion of a Cooperative Education Program
23. Compliance with NCAA Division II academic requirements

## **Graduation Activities**

Graduation season is the time during which the school, families, and students observe certain graduation rituals that have come to be a tradition. These rituals have deep meaning to many within the school community. Due to this reason, the School District of the Borough of Morrisville approaches this season with great seriousness. The graduation activities are under the direction of school administration, the counseling office, and the senior class advisor. Families of seniors are anticipated to pay a senior fee for inclusion in all activities. These fees include the cost of the senior picnic, yearbook, senior class t-shirt, and a cap and gown for the commencement ceremony.

The commencement ceremony will be held in the gym, with a final graduation date announced in March. Graduation activities, including the commencement ceremony, are optional on the part of the seniors. Students with poor behavior records may not earn the privilege to attend the commencement ceremony. The final decision on who participates in the graduation ceremony rests with the school principal.

## **Credit Recovery**

If a student fails a required or sequential course, credit recovery will be required. There is a tuition charge and any transportation to and from is the responsibility of the family. It is the responsibility of the student to apply for credit recovery. The Guidance Office can be of help in answering questions regarding the process.

## **HOMEWORK**

Morrisville Middle/Senior High School recognizes that homework is an integral part of the learning process and that it is an essential tool in the effort to reinforce, enrich and extend learning. As such, homework should be viewed as a vital part of the instructional program by students, parents/guardians, and teachers. Each should recognize and fulfill their respective responsibilities with regard to homework. Those responsibilities are:

1. *Student Responsibility* - It is the responsibility of the student to make a genuine effort to complete all homework in a timely manner and to the best of his/her ability. In addition, students are expected to be prepared for class, which includes having a writing instrument and notepaper, a textbook when required, and homework.
2. *Parent/Guardian Responsibility* - It is the responsibility of the parents/guardians to encourage their child to complete all assignments in a timely manner and to the best of his/her ability. This is facilitated by being familiar with assignments and putting routines in place at home that stress the importance of schoolwork.
3. *Teacher Responsibility* – It is the responsibility of the teacher to assign homework regularly in order to reinforce and assess student achievement. Assignments should be relevant and encourage students to improve their academic and social skills. In addition, teachers should communicate to parents/guardians if a student appears to have consistent difficulty with the assignments and/or is not completing the assignments on time.

## **Request for Homework**

If a student is absent from school for 3 or more days, a parent or legal guardian can request that the school gather missed assignments so the child may not fall too far behind. Parents/Guardians should notify the school by 9:00 am at 215-736-5266 in order for the school to gather the assignments. A parent, guardian, or designee should pick up the assignments from the Guidance Office at a predetermined time. **Requests**

**for homework will only be honored for excused absences. The exception will be for students who are suspended for more than 3 days.**

### **LATE WORK POLICY**

The School District of Borough of Morrisville recognizes that all students learn at their own pace and that learning is not a linear process. To promote success and tenacity amongst all academic courses, Morrisville M/S HS strives to establish a climate that recognizes and rewards hard work, persistence, and dedication. We also acknowledge that mistakes are a part of the learning process and are essential for student growth. As a result, Morrisville M/S HS has adopted the following late work policy.

1. It is the responsibility of teachers to have well prepared and meaningful lessons.
2. Assignments given by teachers are integral parts of the instructional process; therefore, each should be completed by students to maximize learning and to provide assessment of student skills.
3. Teachers will set reasonable due dates for assignments allowing for adequate time to complete each lesson and associated projects.
4. It remains the primary responsibility of the student to record details of the assignments and due dates.
5. Students are responsible to complete assignments by the appropriate due date(s).
6. As a method of promoting tenacity of content, students may submit past due assignments up to one week prior to the end of the marking period.
7. In an effort to promote student responsibility, teachers reserve the right to sustain a 50% maximum reduction towards the final grade.

### **SERVICE LEARNING**

Beginning with the class of 2023, all graduating seniors are required to take a half-year, pass or fail, Service-Learning Course. Service Learning is a model of teaching that uses community service as a catalyst for educational and personal growth through a cycle of action and reflection. Based upon a reciprocal relationship, service learning promotes learning within the classroom that is reinforced within the community. Classroom experiences then strengthen learning in the community. It encourages the development of personal values, beliefs, awareness, confidence, self-esteem, empathy for others, and social responsibility. It also assists in developing project management, team building, and leadership skills. In short, service learning happens when students learn through community experiences.

## **SECTION 3: ATTENDANCE POLICIES & PROCEDURES**

### **ABSENCE FROM SCHOOL**

The Board requires that school-age students enrolled in district schools attend school regularly, in accordance with state laws. The educational program offered by the district is predicated upon the presence of the student and requires continuity of instruction and classroom participation in order for students to achieve academic standards and consistent educational progress. All students are required to attend school during the days and hours that school is in session. Temporary student absences may be excused by school administration in accordance with applicable laws and regulations.

It is the responsibility of the parent or guardian to provide the school with a note explaining each and every absence or lateness of their child(ren). Within the first three days that a student returns to school following an absence, the student is required to present a note for the absence to the first-period teacher. The note must be written and signed by the parent or guardian and must provide the following information:

1. Full name of student
2. Student's grade level
3. Dates for which the excuse is written.
4. Reason for absence
5. Telephone number at which the parent/guardian can be reached.

Parents and guardians may call 267-793-3022 before 9:00 a.m. or email [mshsattendance@mv.org](mailto:mshsattendance@mv.org) to report a student absent. An absence note is still required upon the student's return to school.

[Please reference Board Policy 204 AR](#)

### **COLLEGE VISITS**

Juniors and seniors are entitled to attend college visits a maximum of three days per year. Absences will be excused with an official letter on the college/university letterhead.

### **EARLY DISMISSALS**

Students may be excused from attendance during the regular school day upon the receipt of a written request submitted by the parent/guardian to the building principal. Requests for early dismissal of a student must be submitted to the school office at the beginning of the school day. The request must contain the student's name and grade; date of the early dismissal; time of the requested dismissal; reason for the dismissal, with name and telephone number of doctor/dentist if applicable; signature of parent/guardian; and home/business telephone number of parent/guardian.

District staff may take steps necessary to verify the request.

The parent/guardian must come into the school office with a photo ID to pick up a student for early dismissal. All other dismissal arrangements, such as the student driving, must be indicated on the early

dismissal request and verified in person or via phone.

No student will be released during the school day to any individual who has not identified him/herself to the satisfaction of the principal or designee.

Upon return to school from an early dismissal, the student must submit to the school office an excuse signed by the professional office the student visited.

## **EDUCATIONAL TRIPS**

Morrisville School District does not grant approval for students to miss school for vacation purposes. For this reason, parents/guardians are advised to schedule family vacations during holiday and/or summer periods. Any absence from school for vacation purposes will be considered unexcused and illegal. An exception is for trips that are considered educational and have received prior written approval by the administration.

Parents or legal guardians may request that their child be excused from school attendance to participate in an educational trip that is not sponsored by the school district. Since regular class attendance is a critical component of a student's educational program, the educational benefits of the trip should outweigh the negative impact of the disruption of the student's educational program.

Each request to excuse a student from school attendance for an educational trip will be individually reviewed and evaluated to determine if the trip serves an educational purpose. The student's academic achievement and prior attendance record will also be considered.

A request for an educational trip is subject to the following conditions:

1. Parent/Guardian must submit a written request to the building principal on the *Request Form for Educational Trips* included at the end of this handbook. The form requests an indication of the days of absence; destination of the trip; adult supervision; and educational value of the trip.
2. If more than one (1) child in a family is taking the trip, the request for all the children must be included in the request made to the building principal of the oldest child. That principal will coordinate the review of the request with the appropriate principals.
3. Requests must be submitted at least two (2) weeks prior to the date of the trip.
4. No more than five (5) school days each school year per student will be approved for an educational trip.
5. Trips that coincide with the first or last ten (10) days of the school year or during final examination periods will not be approved, except in emergency situations. There will be no permission granted to students during state testing (i.e., PSSA and Keystone Exam) dates.

The building principal will review each request for compliance with the stated conditions and make a recommendation before submitting the request to the Superintendent.

The building principal will notify the parent/guardian of approval or denial of the request.

If approval is granted prior to the trip, the student's absence will be excused. If prior approval is not granted, the absence will be classified as an unlawful absence. If a student's absence exceeds the approved number of days, those additional absences will be classified as unlawful.

The student is responsible for the following:

1. Getting all assignments from his/her teachers prior to leaving on the trip.
2. Completing all given assignments and assessments within the time period specified.
3. Submitting all completed assignments to teachers upon return to school or as indicated on the assignment sheet.

### **LATE ARRIVALS**

Students' late arrival to school causes a major disruption to the educational process and their individual progress in class. Any student having four (4) or more unexcused late arrivals to school during the school year will be considered excessively tardy. In accordance with School Board Policy, administration may seek to restore school time via detentions, in-school suspensions, and out-of-school suspensions. Additionally, a meeting with parent/guardian and a member of the school administration will be required.

Late arrivals will only be excused for one of the following reasons:

1. Illness of the students
2. Family emergency
  - a. Specific details regarding the nature of the emergency must be provided.
3. Exceptions as provided by the Board.

Any excuse for lateness, no matter what the reason, must be supported by a note from the parent/guardian. The note must be submitted the day of the lateness. A maximum of ten (10) days of cumulative lateness verified by parent/guardian notification shall be permitted during a school year. All lateness beyond ten (10) cumulative days shall require an excuse from a licensed physician.

### **UNLAWFUL AND EXCESSIVE ABSENCES**

Absences shall be treated as unexcused until the district receives a written parent or legal guardian excuse explaining the absence, to be submitted within three (3) days of the student's return. A maximum of ten (10) days of parent or guardian excused absences are permitted during a school year. All absences beyond ten (10) cumulative days shall require an excuse from a licensed medical practitioner. If a student is absent from class or school for ten (10) days or more during any marking period, the student is classified as excessively absent:

- a. The student may, with the approval of the administration, be given an incomplete in the subject(s). All incomplete grades must be made up within two weeks after the date report cards were distributed or they will become failures.
- b. The student will be referred to the school counselor to identify additional supports. Administration will schedule a parent/guardian meeting to review the student's attendance in a Student Attendance Improvement Conference.

### **Notification for Unlawful and Excessive Absence**

In the event of unlawful absences, parents and guardians will be notified via written correspondence. Each letter outlines potential next steps for repeated violations. Letters are mailed to family homes after the following occurrences.

#### **First Occurrence**

- Letter for First Unlawful Absence

#### **Second Occurrence**

- Letter for Second Unlawful Absence

#### **Third Occurrence**

- Letter for Third Unlawful Absence - Official Notice of Truancy Letter

#### **Fourth Occurrence**

- Letter for Fourth Unlawful Absence

  - Referral to school-based or community-based attendance improvement program.
  - Referral to the Bucks County Office of Children and Youth.
  - Citation sent to the magisterial judge.
  - For students aged 14 through 17, potential loss or denial of working papers at the discretion of school administration.

#### **Tenth Occurrence**

- Letter for Tenth Unlawful Absence

### **Student Attendance Improvement Conference**

When a student exhibits increased amounts of unlawful absences, school administration will request the attendance of both parent/guardian and student within a conference designed to identify and address the underlying reasons for the student's absences. The conference may result in additional services and outside agency involvement.

### **Excessive Absence for the Year**

Students with irregular or unusual attendance patterns may be required to submit a doctor's note for any absence to be excused. **Credit for the year's work for any student absent twenty-five (25) days or more without a medical excuse will be withheld.** Seniors absent twenty-five (25) days or more unexcused may have graduation privileges withheld, and/or not participate in the graduation ceremony. The administration further reserves the right to send authorized school representatives to investigate any situation of absence. Pupils absent because of illness may be required to be examined by the nurse or doctor before readmission to school.

## **MAKE-UP WORK**

Students are responsible for making up missed work when they are absent from class. Arrangements for obtaining the assignments should be made immediately after the student returns to class. In all cases of absences from class, it is the responsibility of the student to arrange to make up for missed work in cooperation with the teacher. This must be in accordance with the following:

1. **Work Missed During an Absence of One (1) Or Two (2) Class Meetings:**  
Work assigned and tests announced prior to the absence of two or less consecutive classes should be made up within one (1) or two (2) classes after the student's return. Work assigned or tests announced while a student is absent should be made up by the second or third day.
2. **Work Missed During an Absence of Three (3) Or More Class Meetings:**  
Work assigned and tests announced during the absence is due one (1) week from the day of return.
3. **Work Missed Due to a Protracted Absence:** It is the responsibility of the parent/guardian to notify the school of any protracted absence and request assignments from the guidance office. All requests for assignments are to be made twenty-four hours in advance.
4. **Work Missed When Excused for a School Activity:**  
Students excused for school sponsored activities are responsible for submitting work due on the day they are to be excused. If a test is missed, it must be made up that day, unless the teacher agrees to an alternative.

## **SECTION 4: PUPIL SUPPORT SERVICES**

### **DATING VIOLENCE**

Dating violence is defined as behavior where one person uses threats of, or actually uses, physical, sexual, verbal or emotional abuse to control the person's dating partner. Such behaviors are inconsistent with the educational goals of the district and are prohibited at all times. Students who have been subject to dating violence, or suspect and potentially have witnessed dating violence in the relationship of a peer, are strongly encouraged to report incidents orally or in writing to school administration, guidance counselors, and/or a classroom teacher.

### **GUIDANCE**

The school counselor is concerned with the education and personal growth of all the students. Counselors are available to assist students in identification and resolution of personal problems with peers, teachers, or parents/guardians. The cooperative effort of students, faculty, parents/guardians and the counselor enable students to achieve their fullest potential.

Students must email their guidance counselor to make an appointment, if interested in seeing a counselor, unless it is an emergency.

### **HOMELESS STUDENTS**

The Board recognizes its obligation to ensure that homeless students have access to the same educational programs and services provided to other district students. The Board shall make reasonable efforts to identify homeless children within the district, encourage their enrollment, and eliminate existing barriers to their attendance and education, in compliance with federal and state law and regulations.

[Please refer to Board Policy 251](#)

### **PEER MEDIATION**

Peer mediation is based on the idea that students can resolve common interpersonal conflicts themselves, under the guidance and supervision of a School Counselor or a member of Pupil Services. It places the power and responsibility of resolving conflicts into the students' hands and emphasizes a win-win solution. Peer mediation is not used following physical altercations, and is only utilized if both students agree to solve the problem. Peer mediation is available to all students in grades 6-12. Students that violate a peer mediation agreement could be subject to other disciplinary consequences.

### **PREGNANT STUDENTS**

No student, whether married or unmarried, who is otherwise eligible to attend the schools of this district shall be denied an educational program solely because of pregnancy, childbirth, pregnancy-related disabilities, or actual or potential parenthood.

## SAFE2SAY SOMETHING (S2SS)

S2SS is a life-saving and life-changing school safety program that teaches students, educators, and administrators how: (1) to recognize the signs and signals of individuals who may be at risk of hurting themselves or others, and (2) to anonymously report this information through the S2SS app, website, or 24/7 Crisis Center Hotline. Individuals who desire to make an anonymous report can do so in one of the following formats.

1. Call the tipline: 1-844-SAF2SAY
2. Use the website: [www.safe2saypa.org](http://www.safe2saypa.org)
3. Use the mobile App available for Apple and Android devices

### How it Works

1. A tip is submitted via mobile app, website, or phone call—arriving first at the S2SS Crisis Center.
2. The Crisis Center reviews, assesses and processes all submissions, then engages the tipster in anonymous two-way chat in order to provide detailed and immediately actionable information to schools and dispatch.
3. Crisis Center analysts deliver the tip to the impacted school and as needed, local law enforcement via 911 County Dispatch.
4. The school and, as needed, local law enforcement, assess and intervene with the at-risk individual.
5. The school then closes out the tip and reports actions taken as a record for their school.

## STUDENT ASSISTANCE PROGRAM (SAP)

The Board is committed to assisting all students in achieving their maximum potential. The Student Assistance Program (SAP) is a systematic process using effective and accountable professional techniques to mobilize school resources to remove the barriers to learning, and when the problem is beyond the scope of the school, to assist the parent/guardian and student with information so they may access services within the community.

### SAP Team

The Morrisville Middle-Senior High School Student Assistance Program is called the SAP Team. The purpose of the team is to provide a means of identifying and helping students who have barriers to learning that interfere with their success in school. Students can be referred to the SAP team by a parent/guardian, teacher, staff, peer, or by a self-referral.

The SAP Team will target, but not limited to, the following crisis areas:

1. Unsatisfactory Academic Progress
2. Drug and Alcohol Abuse
3. Reoccurring Problematic Behaviors
4. Grading Concerns
5. Mental Health

\*With parental permission, all students who have incurred a drug or alcohol violation are referred to the

SAP Team for additional support. [Please refer to Board Policy 236](#)

### **TRANSCRIPT REQUESTS**

Students must give the Guidance Office five (5) school days written notice for a transcript request and provide the name and address of the school/college that is to receive the transcript.

### **WORKING PAPERS**

All minors aged 14-17 are required to have working papers completed prior to employment. The hours of employment during the school year and during vacation periods are stipulated by law. Any student under the age of 17 must attend school if not employed. Students under the age of 17 who secure full-time employment cannot withdraw from school without written consent by a parent or legal guardian.

For employment in Pennsylvania, a student should first fill out an [Application for Work Permit](#) and submit it to the Guidance Office. The student will also need a birth certificate to complete the application. Students are encouraged to familiarize themselves with the [Pennsylvania Child Labor Law](#).

Students have the ability to earn working papers by maintaining passing grades and attending school regularly. Students that cannot maintain adequate academic achievement during the school year or fail to attend school may have their work permit revoked by the issuing officer/school administrator.

For New Jersey working papers, a student must first get a Promise of Employment form and copy of his/her transcript from the Guidance Office. A birth certificate is also needed. When all forms have been completed, the student should telephone Trenton High School to make arrangements to complete the application process. The certificate will be issued by New Jersey officials.

### **WITHDRAWAL FROM SCHOOL**

The Board affirms that, while statute requires attendance of each student only between the ages of eight (6) and seventeen (18), it is in the best interests of both students and the community that students complete the educational program that will equip them with skills and increase their chances for a successful and fulfilling life beyond school.

[Please refer to Board Policy 208](#)

## **SECTION 5: HEALTH AND SAFETY**

### **AUTOMATIC EXTERNAL DEFIBRILLATOR (AED)**

Morrisville High School is fortunate to have three strategically placed Automatic External Defibrillators (AED's) to be used in the event of a sudden cardiac arrest. Because the AED's must be readily available, they are kept in unlocked storage units in high traffic areas of the school. The storage units are clearly marked and are connected to an alarm system that will go off when the storage unit is opened. Unauthorized opening of an AED storage unit is a serious offense and may result in suspension. Theft or damage to the defibrillator or storage units will be treated as a criminal offense and the police will be notified.

### **EMERGENCY CARDS**

Emergency cards are distributed at the beginning of each school year for completion by parents or legal guardians. These **must** be on file for emergency purposes. It is the students and parent's/guardian's responsibility to update any changes that may occur throughout the school year. Please notify the Nurses Office if changes occur. Failure to return a completed emergency card after five school days may result in disciplinary action. This includes, but is not limited to, participation on athletic teams.

### **EMERGENCY EVACUATION PROCEDURES**

If the fire alarm sounds, all students, teachers, and other employees are to leave the building quietly and orderly in the designated areas until otherwise notified. If the alarm sounds while in class, follow the directions posted by the classroom door and report to the current class period teacher. If the alarm sounds while classes are passing, students will leave by the exit nearest them at the moment the alarm is sounded and report to the evacuation site of their previous period teacher. If the alarm is sounded when the gymnasium is in use by the entire student body, gym exits are to be used to report to the evacuation site of their current class period teacher. If the alarm sounds when the auditorium is in use, students are to exit via the door at the front of the auditorium and report to the evacuation site of their current class period teacher.

In all other situations, an announcement will be made, and students/faculty will follow predetermined procedures.

### **HEALTH EXAMINATIONS & SCREENINGS**

In compliance with the School Code, the Board requires that district students submit to health and dental examinations to protect the school community from the spread of communicable diseases. Additionally, to ensure that the student's participation in health, safety, and physical education courses meet their individual needs and that a remedial physical disability does not lessen the learning potential of each student.

**[Please refer to Board Policy 209](#)**

## MEDICATIONS

The Board shall not be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication to a student during school hours in accordance with the direction of a parent/guardian or family physician will be permitted only when:

1. Failure to take such medicine would jeopardize the health of the student.
2. The student would not be able to attend school if the medicine were not available during school hours.

In order for school employees to dispense medication, the parent or guardian must sign an authorization form. Before medication is accepted by the school nurse, an authorization form matching the medication must be on file. The medication must be in its original container, clearly labeled with prescription directions.

[Please refer to Board Policy 210 and 210 AR-0](#)

### **Requirements for Medication to be Administered**

Prescribed and/or nonprescription medication:

1. Physician and parent/guardian authorization stating what the medication is, what it is for, and dosage and time to be given.
2. Medication must be in the original container.
3. Nonprescription medication may be parent/guardian-administered in the school office.
4. No medication is given within the first hour of school and prior to one hour of the end of the school day.
5. Medication will only be given with a completed Emergency Card that has a parent/guardian(s) written consent for treatment and permission to dispense medication, or a physician order for medication.

A supply of medication must be brought to the school nurse or principal's designee for verification by an adult. All medication will only be administered for the prescribed length of time. All medication orders require a physician and parent's/guardian's written authorization. All medication is kept in a locked cabinet, drawer, or medication room. Students who need staff to assist in medical procedures at school, i.e., blood sugar testing, blood pressure, tube feedings, etc., must have the medication form filled out annually with the doctor's order and parent/guardian permission for treatment.

All medication that is administered is entered daily into a school computerized charting system.

## NURSE

A registered nurse is on duty within the district throughout each school day to provide care for students who become ill or injured. Injuries and illnesses that occur during non-school hours should be attended to at home or by a family physician. Students who are in need of medical attention during the school day are to ask their teacher to see the nurse. If the nurse's office is closed, students are then to report to the Front Office. Students are not to report to the School Nurse's Office or the Front Office for medical reasons without an electronic pass, except in case of emergency. Electronic passes will be issued by the teachers through Minga. Students may not leave the school for an illness without first reporting to the School Nurse or Front Office. Except in an emergency, students are not sent home during the last period. In order to maintain a healthy building, parents and guardians are asked not to send an ill child to school.

## **POSSESSION & USE OF ASTHMA INHALERS & EPINEPHRINE AUTO INJECTORS**

The Board shall permit students in district schools to possess asthma inhalers and epinephrine auto-injectors and to self-administer the prescribed medication in compliance with state law and

[Please refer to Board Policy 210.1](#)

## **STUDENT ACCIDENT INSURANCE**

The Board recognizes the need for insurance coverage for unforeseen accidents which may occur to students in the course of attendance at school or student participation in the athletic and extracurricular programs of the schools. The accident insurance form can be found on page 69 as well as on the district website with directions on how to complete it.

[Please refer to Board Policy 211 and 211 AR-0](#)

## **SECTION 6: GENERAL STUDENT & PARENT/GUARDIAN INFORMATION**

### **BOOKBAGS & BACKPACKS**

Students are permitted to carry a bookbag to and from school, and during the school day to transport their belongings. Athletic bags and equipment must be placed in designated areas (as per the coach's instructions) prior to the start of the school day and picked up at the appropriate dismissal time.

### **BULLETIN BOARDS**

The bulletin boards in the corridors and classrooms are for the use of the school and for school events only. Students may not post any materials on the bulletin boards without the approval of the administration. Approval will not be given for posting materials that do not relate to school activities or activities that do not provide a valuable benefit for our students, as determined by the administration. No materials are to be posted on areas other than bulletin boards.

### Communicating with the School

Morrisville Middle/Senior High School encourages parents and guardians to have regular communication with teachers and/or staff. Anyone may contact the Front Office at 215-736-5260 or email staff. *Please note that teachers are not called out of classes when they are teaching*; therefore, leave a message and staff will return the call. District e-mail addresses can be found on our website in the [Staff Directory](#). Also, please note that students are called out of their classes only in extreme emergency situations.

### Remind Communication App

Morrisville Middle/Senior High School uses the Remind Communication App, which is available on devices that have access to the App Store (iOS) and Google Play Store (Android) to communicate with parents/guardians/students.

### Student-Teacher Communication

Students should recognize that the direction of the classroom teacher is to be respected at all times. If a student feels that he/she has been subject to prejudicial or wrongful teacher conduct, the student should take the following steps:

1. Speak privately with the teacher about the incident. Class should not be disrupted by argumentative or disorderly behavior.
2. If the student is not satisfied with the response of the teacher or is uncomfortable speaking with the teacher, the student should speak to a counselor or administrator.
3. Inform a parent/guardian of the concern and ask a parent/guardian to contact the school.

## DRESS & GROOMING

The student dress code was created for students by students to build a comfortable space at Morrisville M/S High School where our students are allowed to wear something casual and self-expressive while keeping it appropriate and staying on task. To do this, we have set up an equal dress-code for all genders that gives everyone the opportunity to express themselves in a fitting manner and in a way that allows creative freedom for all. We want students to come to school with a respectful choice of clothing that won't offend anyone while being mindful of themselves and others in a learning space. The following lists are examples of allowed and prohibited clothing but are not exhaustive.

Allowed	Prohibited
Ripped jeans Tee shirts Backpacks Jewelry Off the shoulder tops Sweatsuits Slides Winter boots Shorts/skirts/dresses to mid thigh Bonnets Durag Wool hats	Unprofessional language Clothing or patches on clothing which can be interpreted as obscene by message or placement. Clothing that is excessively revealing, short and/or tight. Ensure that underwear is completely covered with outer clothing. See-through/sheer clothing Excessive exposed chest Drugs/paraphernalia Gore/violence/weapons Ribbed tank tops/tube tops Hats/hoods Ski masks Blankets Sunglasses

The Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference and has the authority to impose limitations on students' dress in school, or while attending any school function. The Board will not interfere with the right of students and their parents/guardians to make decisions regarding their appearance, except when their choices disrupt the educational program of the schools or constitute a health or safety hazard. The Administration reserves the right to determine the appropriateness of student attire. Students who violate the dress code will be required to modify their appearance to remedy the situation. Parents/Guardians may be asked to bring suitable clothing to school before the student may return to class. Any student who refuses to dress appropriately may be subject to disciplinary consequences at the discretion of the administration.

[Please refer to Board Policy 221](#)

## FLAG SALUTE & PLEDGE OF ALLEGIANCE

Although students may decline to recite the Pledge of Allegiance and refrain from saluting the flag on the basis of personal or religious beliefs, they must respect the exercise and the right of others to participate.

## FOOD & DRINKS

Students are not permitted to eat or drink beverages while in school hallways or common areas during the school day, unless given specific written permission by the administration. For safety reasons, glass bottles or containers are not permitted at any time and will be confiscated. Eating and drinking during class will be at the discretion of the teacher. Teachers are not permitted to send students to the cafeteria

to buy food or drink during class unless the student is not scheduled for lunch that day. Food or beverages are not to be ordered from outside establishments and delivered to school by anyone including parents/guardians.

## **ID BADGES**

Students must produce their school ID upon request of a staff member. Students that have lost or misplaced their ID badge must report to the Front Office to have a new badge issued. Failure to produce the ID badge when requested by any staff member will be considered insubordination.

## **LOCKERS**

**School lockers are the property of the school district and students should not assume any privacy with their school-issued locker.** They are provided and maintained for legal and proper use by our student body. School authorities maintain the right to seize from a student's locker any item that is illegal or inappropriate, such as, but not limited to, sexually explicit materials, contraband, weapons, alcohol, or illegal substances. Where school authorities have a reasonable suspicion that a student's locker contains materials which pose a threat to the health, welfare, and safety of the students, faculty, and staff, a student's locker may be searched without warning. Lockers may be inspected periodically throughout the school year as per policy.

[Please refer to Board Policy 226](#)

The school provides a locker and a combination lock for every student on a loan basis. They are used at the student's own risk. Leave valuables at home. Students should not keep valuable articles in lockers, as the school is not responsible for theft of property from lockers. Coats must be kept in lockers during the school day.

All students will be provided with a lock that they are expected to return at the end of the school year. If the lock is not returned, a five-dollar fee will be assigned as an obligation. Students are responsible for the cleanliness and security of their lockers at all times. Damaged, difficult-to-open, or broken lockers must be reported to the Front Office.

Any decorations or items placed or posted on the outside of the lockers may be removed at the close of the school day.

### **Locker Times**

Students in Grades 6 through 12 will not be permitted to go to their lockers while classes are in session without being provided with an appropriate signed hall pass by their teacher. Students can visit their lockers three times during the school day:

- Before 1st Period (7:40am - 7:44am)
- After the student's scheduled Lunch Period
- At dismissal at the end of the school day before promptly leaving the building

### **Searches**

The Board acknowledges the need for safe in school storage of books, clothing, school materials and other personal property and may provide lockers for such storage. All lockers are and shall remain the property of the school district. As such, students shall have only a limited expectation of privacy in their lockers. [Please refer to Board Policy 226](#)

## **Right of Inspection**

Where there is suspicion of a threat to the health, welfare, or safety of students in school, administrative personnel have the authority to inspect lockers, request students to divulge the contents of their personal belongings, such as, but not limited to, handbags, emptying pockets or items on their person, or, when necessary, vehicles on school property. Inappropriate and/or illegal materials found may be used as evidence in disciplinary proceedings and for police investigations.

## **LOST & FOUND**

When found, unidentified articles are to be turned into the Front Office. Students in search of missing items may check in the cafeteria room where items will be held for two (2) weeks. Please understand that after two weeks, the items may be donated to a local charity.

## **MILITARY RECRUITERS**

As part of the No Child Left Behind Act of 2001 (NCLB), schools are required to provide military recruiters access to a directory of secondary school students' names, addresses and telephone listings. Students have the right to respond in writing within 21 calendar days after the first day of school to request being excluded from this disclosure. These written requests should be sent to the front office. A copy of the Military Opt Out form is located in the "Forms" section of this handbook.

## **Selective Service**

All young men have an obligation to register with the Selective Service System within 30 days of their 18th birthday. Registration can be done at any U.S. Post Office. More information concerning registration can be obtained from your counselor. Selective Service is comparing registrations against lists supplied by the PA Department of Transportation, the Social Security Administration, and the Internal Revenue Service to locate possible violators. Young men applying for grants, loans, or work assistant programs under Title IV of the Higher Education Act will be required to complete a Statement of Compliance at the school, college, or university they are attending, or plan to attend. Failure to register may result in the cancellation of your loan, grant, or other assistance.

## **NON-SCHOOL FUNCTIONS**

School groups may not plan for out-of-school functions on school time unless the planning, as well as the carrying out of the plan, is under the supervision of a school advisor acting in an official capacity with the prior approval of the administration. An example of a non-school function would be a trip to Spain.

## **OBLIGATIONS**

Students may receive an obligation due to, but not limited to, lost, overdue, or ruined books, damage to school property, money owed, cafeteria bill, etc. Students who have any outstanding obligations may not:

1. Participate in the graduation ceremony.
2. Attend or participate in athletics or extracurricular activities.
3. Attend any field trips.

Students will receive ongoing consequences (e.g., detention) if they fail to meet the imposed deadlines for returning books or payment of obligations. If you are approved for a payment plan, you must adhere to your scheduled payments. Students who have outstanding obligations at the conclusion of the school year will not receive the final report card and charges for theft could be filed. At the beginning of each school year, outstanding obligations will be reviewed, and sanctions outlined above may be imposed.

## **PASSES**

**No student will be in the hallway while classes are in session without an appropriate hall pass.** With staff permission, students are expected to fill out an electronic hall pass prior to their departure from class. Students and/or Teachers will create timed passes using Minga, an electronic pass platform. All Morrisville School District personnel have the authority to examine a student's hall pass and question the student's presence in the hallway. Students who do not have an electronic pass or their pass has timed out, are in violation of the Code of Student Conduct, and will be subject to disciplinary consequences. Student electronic hall passes are hyperlinked here, [Minga.io](https://Minga.io)

### **Bathroom Privileges**

Students should attempt to use the bathrooms before school, during passing times, at lunch and after school. Bathrooms should not be used during instructional times, except in the event of an emergency. If a student needs to use the bathroom, permission must be obtained from the teacher prior to the submission of a hall pass. Students are expected to quickly move to and from the bathroom, to minimize the loss of instructional time. Students should not socialize or disturb classes. If a student has a medical concern, please notify the school nurse. If it appears that a student is abusing bathroom privileges, a restricted pass may be instituted.

## **PHOTOGRAPHY, ID & INTERVIEW CLEARANCES**

Student photographs, identification, and interviews for all forms of print and electronic media occurring inside any Morrisville school building or on any premises shall be permissible with the approval of the School District.

Parents and guardians wishing to have their child(ren) excluded from such activities must notify the school principal in writing at the start of the school year, or when a student is newly enrolled in the School District. A copy of the media release is located in the 'Forms' section of this handbook.

## **PUBLIC DISPLAYS OF AFFECTION**

Public displays of affection are not appropriate in a school setting, and therefore are prohibited. Chronic offenders of this policy may warrant progressive disciplinary consequences, such as detention, parent/guardian notification, ISS, or loss of privileges.

## **STANDARDIZED ASSESSMENTS**

### **Keystone Exams**

Keystone Exams are end of course assessments designed to assess proficiency in Algebra I, Literature, and Biology for Pennsylvania students and districts. Passing the Keystone Exams is one of the pathways

to meeting Pennsylvania's statewide high school graduation requirements, and are designed to help school districts guide students toward meeting state standards.

Keystone Exam schedules will be developed each year in coordination within the Pennsylvania Department of Education provided testing window.

### **Pennsylvania Alternate System of Assessments (PASA)**

The Individuals with Disabilities Act of 2004 (IDEA) requires that States and Local Education Agencies (LEAs) ensure that all children with disabilities are included in all general state and district-wide assessment programs, including assessments used for purposes of satisfying the Every Student Succeeds Act (ESSA). The Pennsylvania Alternate System of Assessment (PASA) was developed in accordance with this allowance to meet the needs of students with the most significant cognitive disabilities who are not able to participate in the general assessment even with accommodations. The PASA is aligned with Pennsylvania's academic content standards with a reduction in depth and breadth evidenced by the Alternate Eligible Content and measures the attainment of knowledge and skills of children with significant cognitive disabilities through performance tasks. Like the state-wide standardized test (the Pennsylvania System of Assessment or PSSA), the purpose of the PASA is to provide information to school districts and other educational service providers that will aid them in improving instruction for children.

### **Pennsylvania System of School Assessment (PSSA)**

Through the federal No Child Left Behind (NCLB) legislation, Pennsylvania currently requires a standardized assessment, called the Pennsylvania System of School Assessment (PSSA), of all 3<sup>rd</sup> through 8<sup>th</sup> grade students in the areas of English Language Arts and Mathematics. Pennsylvania also assesses every student in 4<sup>th</sup> and 8<sup>th</sup> grade in Science. The purpose of the PSSA is to:

1. determine the degree to which the school program enables students to achieve and exceed student learning outcomes.
2. provide the school with assessment results that will assist in strategic planning, curriculum revisions, and improved instructional strategies.
3. provide information regarding the school's accomplishments to state policymakers.
4. provide information to the general public regarding assessment accomplishments of the school.
5. compare students' academic achievement to their peer group within the state.

Students may score at the Advanced, Proficient, Basic, or Below Basic levels. The state of Pennsylvania considers students that score at or above the "Proficient" level to have met the NCLB mandates. **PSSA schedules will be developed each year in coordination within the Pennsylvania Department of Education provided testing window.**

## **STUDENT COMPLAINT PROCEDURES**

The Board recognizes that students have the right to request redress of complaints. Further, the Board believes that the inculcation of respect for lawful procedures is an important part of the educational process. Accordingly, individual and group complaints should be recognized, and appropriate appeal procedures should be provided.

[Please refer to Board Policy 219](#)

## STUDENT EXPRESSION, DISTRIBUTION & POSTING OF MATERIALS

The right of public-school students to freedom of speech is guaranteed by the Constitution of the United States and the Constitution of the Commonwealth. The Board respects the right of students to express themselves in words or symbol and to distribute and post materials in areas designated for posting as a part of that expression. The Board also recognizes that exercise of that right must be limited by the district's responsibility to maintain an orderly school environment and to protect the rights of all members of the school community.

This policy addresses student expression in general and distribution and posting of materials that are not part of district-sponsored activities. Materials sought to be distributed or posted as part of the curricular or extracurricular programs of the district shall be regulated as part of the school district's educational program.

[Please refer to Board Policy 220](#)

## STUDENT FUNDRAISING

### Student Fundraising

The Board acknowledges that the solicitation of funds from students must be limited since compulsory attendance laws make the student a captive donor and since such solicitation may disrupt the program of the schools.

[Please refer to Board Policy 229](#)

### Fund Raising

Students may be involved in fundraising activities or the selling of fundraising items on the school campus or at school functions as long as they have received written approval from the administration.

## TECHNOLOGY, COMPUTER USAGE, & INTERNET ACTIVITY

Use of the Internet provides great educational benefits to students. However, some material accessible via the Internet may contain items that are illegal, defamatory, or potentially offensive to some people. Access to the Internet is given as a *privilege* to students who agree to act in a considerate and responsible manner. Violating the school's Internet policies and procedures are taken seriously and may result in loss of access, as well as other disciplinary consequences and/or legal action.

Students and parents/guardians must read, understand, and adhere to the following rules for acceptable Internet use in school and for school-related activities.

1. Students are responsible for good behavior on the Internet just as they are in a school building. General school rules for behavior and communications apply.
2. Network storage areas may be treated the same as school lockers. Network administrators may review files and communications to maintain system integrity and to ensure that users are using the system responsibly. *Users should not expect that files will be private.*
3. The following are not permitted:
  - sending or displaying offensive messages or pictures
  - using obscene language
  - harassing, insulting, or attacking others

- damaging computers, computer systems or computer networks
  - violating copyright laws. Any data uploaded or downloaded from the network shall be subject to “fair use” guidelines.
  - using another person's password
  - trespassing in another's folders, work or files.
  - intentionally wasting limited resources, including using chain letters and messages broadcast to mailing lists or individuals.
  - employing the network for commercial purposes
  - revealing the personal address or phone numbers of any other person without the written permission of the individual and the supervising teacher
4. The District currently utilizes the GoGuardian platform on all Chromebook devices. GoGuardian actively monitors and records student Internet activity on District-provided Chromebooks and provides Teachers and Administrators with the opportunity to view the activity. Please remember to use your best judgment while using a District-provided device as the activity is not private.
5. All students are provided a District-owned device annually. Please ensure that you are keeping the device in its protective case if one was provided and using best practices when transporting the device. When transporting the device to and from school, the device should be kept in a cushioned area such as a backpack. When transporting the device in a classroom or throughout the building, the device should be closed and carried with both hands. Damaging or losing a device may result in disciplinary action or a monetary fine.

*In signing the School District of Borough of Morrisville Parent/Guardian Permission Form page found in the Appendix, the student acknowledges to abide by the provisions of these Computer-Internet Guidelines*

[Please refer to Board Policy 815](#)

## **TELEPHONE/STUDENT DELIVERIES**

Messages or items received in the Front Office for students will be forwarded during the school day only in the event of an emergency, as determined by the office personnel. Classroom instruction will not be interrupted. Students will be called to the office at the end of the day. Students anticipating messages or deliveries may stop by the Front Office before or after school and inquire about a message/item. ***Office telephones will be used for emergencies only.***

## **USE OF BICYCLES AND MOTOR VEHICLES**

The Board regards the use of bicycles and motor vehicles for travel to and from school by students as an assumption of responsibility by parents/guardians and students.

[Please refer to Board Policy 223](#)

### **Driving/Parking Privileges**

Students are permitted to drive to school with prior permission of the administration. Students must complete a Student Driving Form, which can be obtained in the Front Office. If granted permission, students must park in their assigned spot in the cafeteria *side parking lot* of the school near the grass. Students should not park in the rear or front of the building. The parking permit must be always visible.

Any evidence of careless driving to and from school will result in the revocation of the driving privilege. **The speed on or near the school property is 15 miles per hour.**

Students with excessive absences or tardies may have their driving privilege revoked.

Any vehicle parked on school district grounds is subject to search by district personnel.

## **VISITORS**

Persons on school property without legitimate school business may be cited for trespassing. Visitors need to have a scheduled appointment if they are coming in to see a teacher or a student. When visiting the school, you will be asked to provide a valid photo license or PA ID.

Current students may not bring visitors to school without prior written permission from an administrator. This requires a note from the student's parent or legal guardian, as well as a note from the parent/guardian of the prospective guest. These notes must indicate the reasons for the visit. The notes must also be submitted a minimum of three days prior to the date of the requested visit. As a rule, students will not be permitted to bring a guest to school. Graduates wishing to visit teachers should do so after 2:45 p.m. after signing in at the Front Office.

## DETENTION

When a student is assigned a detention, he/she must serve the detention on the day assigned by the administrator. Detentions must be served immediately and may only be deferred in cases of family or work obligations. Attendance at a school function, including sports and other extracurricular activities, does not constitute a valid reason for deferment of detention. **Failure to serve a detention will result in the student being prohibited from attending special events and may result in being assigned Saturday school hours.**

Detentions will be held immediately after school Monday through Thursday. Students will not be admitted to detention if they are not on time. Students that do not follow the rules will be dismissed without credit.

### Detention Rules

- Arrive to room D-19 or designated area on time.
- Check in with the staff member proctoring the detention.
- Turn in cell phone.
- Complete work or sit quietly.

All students must serve detention for the length of time the detention was assigned. For example:

- A student that is assigned a 30-minute detention must serve the full 30-minute detention.

## DISCRIMINATION & HARASSMENT OF STUDENTS & STAFF

It is the policy of the Morrisville Board of School Directors to support fully the laws prohibiting harassment and discrimination, including harassment and/or discrimination because of race, sex, sexual orientation, religion, color, national origin, ancestry, marital status, disability, medical condition and age as well as sexual harassment, and to maintain a learning environment which is free of any such harassment and discrimination.

## **ANTI-HARASSMENT STATEMENT**

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form, including but not limited to sexual or disability harassment, is not tolerated.

Title IX of the Educational Amendments of 1972 states that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. Sex discrimination under Title IX includes sexual harassment and sexual violence. Sexual Harassment is defined as conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the recipient conditioning the provision of an aid, benefit, or service on an individual's participation in unwelcome sexual conduct.
2. Any unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity.
3. Sexual assault (as defined in the Clery Act), dating violence, domestic violence, or stalking as defined in the Violence Against Women Act (VAWA).

The District calls upon students and staff alike to cooperate to prevent sexual and disability harassment. Moreover, the District encourages any student who believes he or she has been subjected to sexual harassment or disability harassment to report the harassment to the District by contacting the following individuals:

### **Investigation**

The District is committed to the prompt investigation of discrimination or harassment complaints.

### **Discipline of Offenders**

A finding by the investigator that a student has engaged in sexual or disability harassment or discrimination shall subject the student to appropriate consequences, consistent with school rules and district policies. This may include detention, suspension, exclusion from social activities, and/or expulsion from school. In addition, the District may refer students to the appropriate authorities for possible criminal charges.

Similarly, a finding by the investigator that an employee has engaged in sexual or disability harassment or discrimination shall promptly result in appropriate consequences, consistent with school rules, district policies, and applicable law. Such discipline may include, if circumstances warrant, termination from employment. In addition, the District may refer employees to the appropriate authorities for possible criminal charges.

### **Reporting Acts of Retaliation**

If harassment and/or discrimination are found to have occurred, prompt and appropriate remedial action will be taken. No student or employee will be retaliated against for reporting harassment or discrimination or participating in an investigation thereof. Any student or employee who feels he/she has been retaliated

against for making a complaint or participating in an investigation should immediately report the retaliatory act to the investigator of the original complaint and shall immediately commence an investigation in accordance with the procedures outlined above.

## **DISORDERLY CONDUCT**

In addition to students receiving school consequences for being disorderly, they may also be cited for disorderly conduct by local authorities. An ordinance prohibiting disorderly conduct in a public place was adopted by the Morrisville Borough Council on October 10, 1995. The Morrisville Borough ordinance 875 states:

**A person is guilty of disorderly conduct if, with intent to cause public inconvenience, annoyance or alarm, or recklessly creating a public risk thereof, he/she engages in fighting or in threatening, violent or tumultuous behavior, makes unreasonable noise, creates a hazardous or physically offensive condition by any act which serves no legitimate purpose to the actor.** Any persons who violate any provision of the ordinance shall, upon conviction thereof, be sentenced to pay a fine of not more than \$600.00 and costs, and in default of payment of said fine and costs, to imprisonment to a term not to exceed 30 days.

### **Obscene Language, Profane Gestures, Etc.**

The use of obscene language in school or at school functions will not be tolerated. Use of such language, etc. is disruptive to the educational program and will be met with appropriate and progressive consequences. Students who choose to use obscene or profane language directed toward any member of the staff will be cited for Disorderly Conduct.

### **Theft/Vandalism**

In the event a theft or vandalism occurs, those persons having knowledge of the activity have a duty to report the facts as they understand them to the appropriate school official. In the case of theft, a report should be filed in the Principal's office. Any person involved in such activity, or any person withholding information useful in identifying those involved, will be subject to the stiffest possible penalties, up to and including the possibility of expulsion and police involvement.

### **Snowballs**

Throwing snowballs on school property is prohibited. Students throwing snowballs will receive a consequence such as detention. In situations that become severe, charges may be filed in district court.

## **ELECTRONIC DEVICES**

Electronic Devices shall include all devices that can take photographs; record audio or video data; store, transmit or receive messages or images or provide a wireless, unfiltered connection to the internet. Examples of these electronic devices includes, but shall not be limited to cell phones, tablets, laptops,

eReaders, and music devices.

## **Cell Phones**

Morrisville Middle/Senior High School students are permitted to use their cell phone responsibly during the change of classes and their lunch period inside the cafeteria. At the beginning of every class student will place their phones into the classroom's cell phone holder. Cell phones will remain in the holder until the end of class or students are granted permission to use them by their teacher.

Students will be required to submit the electronic device to staff for any unauthorized use during the school day. The device will promptly be secured in the discipline office. Any device that is ringing/vibrating, playing music, sitting on a desk, or being touched for any reason is considered in use. Students that fail to comply with this request will be subject to the consequences below.

Unauthorized use of video or still photography is prohibited and may result in confiscation of device and/or suspension. Cell phones and personal devices may not be used to record images or voice recordings of faculty, staff, or other students for personal use or inclusion on any internet or other media site.

Morrisville School District is not liable for lost or stolen personal electronic equipment. It is the responsibility of the parent or legal guardian to notify the local Police Department should they wish to file a police report.

The use of Electronic Devices is prohibited at all times, in locker rooms, bathrooms, health suites and other changing areas.

The School District further prohibits the use of Electronic Devices for the purpose of intercepting any wire, electronic or oral communication unless all parties consent to the communication prior to the interception.

If the School District has reasonable suspicion to believe that a student has used a cell phone or other electronic device to cheat, plagiarize, violate a copyright or commit any other act that is in violation of the Student Conduct Policy, then the School District shall have the right to search the device to the maximum extent permitted by law for evidence of such activity. If it is determined that the use of the device violated more than one policy, then the student may be disciplined under each policy.

Any Staff member seeing an electronic device in use will require that it be immediately surrendered.

- First offense: Device is turned over to the Teacher/Staff member who will record infraction, contact parent or legal guardian and forward phone to the Administrative Offices. The student may retrieve the device at the close of the school day. A student that refuses to turn over the device will be assigned in-school suspension.
- Second offense: Device is turned over to the Teacher/Staff member who will record infraction, contact parent/guardian and forward phone to the Administrative Offices. The student will be assigned a ½ hour detention and may retrieve the device at the close of the school day. Parent/Guardian will be contacted. A student that refuses to turn over the device will be assigned in-school suspension.
- Third offense: Device is turned over to the Teacher/Staff member who will record the infraction, contact parent/guardian and forward phone to the Administrative Offices. The student will be assigned an hour detention. Parent/Guardian must retrieve device from Administration. A student that refuses to turn over the device will be assigned an out-of-school suspension.

- Fourth offense: Device is turned over to the Teacher/Staff member who will record infraction, contact parent or guardian and forward phone to the Administrative Offices. Students will be assigned one day in-school suspension or placed on social probation. Parent/Guardian must retrieve the device from Administration. A student that refuses to turn over the device will be assigned an additional out-of-school suspension.
- Fifth offense: Consequences to be determined by Administration.

## **HAZING**

The purpose of this policy is to maintain a safe, positive environment for students and staff that is free from hazing. Hazing activities of any type are inconsistent with the educational goals of the district and are prohibited at all times.

[Please refer to Board Policy 247](#)

## **HEARING**

The School Board, or an appropriate officer of the Board, may conduct hearings with regard to any alleged violation of this policy. Nothing in this policy shall prevent the school administration from immediately suspending a student for a temporary period pending a hearing.

### **Probationary Status**

A student subject to probation under this policy shall continue to attend school but shall be required to observe certain conditions relating to in-school conduct and behavior. These conditions may include, but need not be limited to:

1. Probation of association with certain students.
2. Social Probation of participation in athletic or social functions.
3. Reporting at stated period to appropriate persons for counseling.
4. Attending after school hour's disciplinary detention
5. Such other reasonable conditions related to ensuring a correction of the behavior or misconduct for which the probation was imposed.

## **IN-SCHOOL SUSPENSION (ISS) EXPECTATIONS**

In-School Suspension is an opportunity for students to continue receiving an education in a modified learning environment. Students are expected to use this opportunity to complete assignments provided to assist them from falling behind in their classes.

- Students are expected to complete an ISS self-reflection form, provided the day of the suspension.
- All assignments must be completed by the end of the day.
- Students are not permitted to leave the ISS Room for any reason without permission.
- There will be scheduled lavatory breaks and students will be escorted to and from the cafeteria.
- Students will work in a quiet environment.

Students who do not meet the ISS expectations may receive additional days of ISS or be assigned an Out-of-School suspension at the discretion of the Administration.

## **INVESTIGATING THREATS/BULLYING/HARASSMENT**

When incidents of threats, bullying or harassment are reported to the school the Principal or Assistant Principal will investigate the claim. The administrator(s) will obtain a detailed account of the incident by interviewing the person making the claim, the target, witnesses, and the accused person. The investigator will consider the circumstances in which the incident took place. In cases when threats are reported a threat assessment will be conducted by the school's social worker and/or counselor. Once the level of threat has been determined and the investigation concluded the administrator conducting the investigation will inform the parents of the target and the accused with their findings and attempt to resolve the issue. When appropriate administration will determine the level of consequences applicable for the incident from a warning to an out of school suspension pending an informal hearing and alerting the proper authorities.

## **LEAVING SCHOOL WITHOUT PERMISSION**

Once students have arrived on school property, students may not leave without the prior permission of a school administrator or school nurse. If students have a valid reason to leave school before the end of the school day, students must contact the school nurse or a building administrator. Students may not leave until their parent or guardian has been contacted and permission has been granted by the parent/guardian, nurse, and building administrator. If students leave school without following these procedures, their absence will be recorded as unexcused, and the student will receive a consequence. In all cases, if a student leaves school without the permission of a parent/guardian, nurse, and the building administration, the student will receive appropriate consequences.

[Please refer to Board Policy 204](#)

## **RECORDS OF ADJUDICATED STUDENTS**

In accordance with the law, the school district shall maintain required records concerning adjudicated students and transfer students disciplined for offenses involving weapons, alcohol, drugs and violence on school property.

[Please refer to Board Policy 216.1](#)

## **REGULATED AND CONTROLLED SUBSTANCES**

The Board recognizes that the abuse of controlled substances is a serious problem with legal, physical, and social implications for the whole school community. As an educational institution, the schools shall strive to prevent abuse of controlled substances. [Please refer to Board Policy 227](#)

A student who on school grounds, during a school session, or anywhere at a school-sponsored activity is under the influence of alcohol, drugs, or mood-altering substances or possesses, uses, dispenses, sells or aids in the procurement of alcohol, narcotics, restricted drugs, mood altering substances, or any such chemical substance restricted by law or over the counter drug not registered with the school nurse, shall be subjected to discipline pursuant to the provisions and procedures outlined in Board policies. The school administration has not only the right, but also the obligation to take whatever appropriate action is necessary, including notifying law enforcement, to ensure the health, well-being and safety of the school community and to prevent any disruption of the school program.

A search of a student's locker, desk, car or other possessions may occur under this policy where there are

reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating the law or the rules of the school with respect to possession or use of drugs, alcohol or paraphernalia. The extent of the search will be reasonably related to its objectives and will not be unnecessarily intrusive in light of the age and sex of the student and the nature of the violation. As an integral part of the Morrisville School District Drug and Alcohol Prevention Program, these guidelines represent one component in a district-wide effort to respond effectively to drug, mood altering substance and alcohol related situations that may occur at school or at school-sponsored activities. These guidelines are intended to provide a positive means to respond to drug, mood altering substance and alcohol related incidents. The Morrisville School District will provide a safe and healthy environment for students with due consideration for their legal rights and responsibilities. The Board reserves the right to use any reasonable measures deemed necessary to control substance abuse even if the same is not provided for specifically in any rule or regulation enumerated herein.

This policy will apply to drugs and controlled substances as defined by the laws of the Commonwealth of Pennsylvania, including but not limited to, drugs or controlled substances as defined by The Controlled Substance, Drug, Device and Cosmetic Act of April 14, 1972, or the amendments to such Act.

## RELATIONS WITH LAW ENFORCEMENT AGENCIES

The Board recognizes that compulsory attendance laws impose on the Board the custodianship of district students while they are present in the schools. Cooperation with law enforcement agencies is considered essential for protecting students and staff, maintaining a safe environment in schools, and safeguarding district property.

[Please refer to Board Policy 225](#)

## SUSPENSION & EXPULSION

The Board recognizes that exclusion from the educational program of the schools, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and one that cannot be imposed without due process. The Board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting students with disabilities shall be governed by applicable state and federal law and regulations.

[Please refer to Board Policy 233](#)

## TARDY

### Late Arrivals to School

All students are expected to be at school on time. The Morrisville M/S HS school community recognizes

that being tardy to school is disruptive to the educational program. Students arriving late at school should follow the following procedures.

1. If the student arrives any time after 7:45 AM, the student is late to school and must report to the front office to sign in. Parent/guardian notes explaining the lateness are due upon signing in. After two parent notes in a marking period, a medical note is required to excuse the lateness.
2. If a note is not provided within 24 hours, the lateness will be classified as unexcused. After the fourth unexcused lateness, a letter may be sent to the parent/guardian. The letter may request a meeting with Guidance or Administration, as per the PDE Truancy Tool Kit.
3. Chronic lateness is defined as being late four times per year. Starting on the fifth, unexcused lateness student privileges may be revoked for chronic late arrivals.

#### 4. Tardy to School Consequences

Lateness to School	Consequence	Additional Consequence
Lateness #1-10	30-minute detention	Parental Contact
Lateness #11-20	45-minute detention	Possible loss of privileges/Parental Contact
Lateness #21-30	1 hour detention	Possible loss of privileges/Parental meeting with Administrator

<b>Lateness #31-40</b>	<b>1 hour 30-minute detention</b>	<b>Loss of privileges/Parental meeting with Administrator</b>

<b>Lateness #50 and beyond</b>	<b>1 day In-School Suspension</b>	<b>Loss of privileges/Parental meeting with Administrator</b>

#### Late Arrivals to Class

Students in grades 6-12 receive three minutes from the end of one class to the beginning of the next class. Tardies to class will be cumulative. When a student accumulates 8 tardies, the tardies will become a class cut, which will lead to the appropriate disciplinary consequences.

#### Tardy to Class Consequences

Lateness to Class	Consequence	Additional Consequence
Lateness #1-5	Warning	
Lateness #6-7	Warning	Parent/Guardian Contact
Lateness #8	30 min detention	Class cut recorded (w/ appropriate disciplinary consequences)

### TOBACCO & VAPING PRODUCTS

Tobacco and vaping products, including the product marketed as Juul and other electronic cigarettes, present a health and safety hazard that can have serious consequences for users, nonusers and the school environment. The Board is committed to providing a healthful environment for students and employees by providing smoke-free campuses for employees, students, and visitors. The possession, use, purchase or sale of tobacco and vaping products are prohibited and will be confiscated and disposed of. They will not be returned to the student or the parent/guardian.

With education as our primary goal, students found in possession of, or actively using a nicotine vaping device, will be required to complete an online instructional course about the hazards of vaping. As an alternative to suspension, the student will be allotted 7 days to complete the course. If the course is not completed within the 7-day timeframe, administration maintains the right to prove a 3-day out-of-school suspension. This course applies to first-time users only. With parent/guardian permission, the student will also be referred to the SAP team for additional support.

[Please refer to Board Policy 222](#)

## UNAUTHORIZED ABSENCE FROM CLASS

Since the teacher-student relationship is the chief factor in determining what results in the classroom level and experience indicates that more effective results are obtained by a sequential course of action with increasing severity of punishment, teachers should assume initial efforts in resolving class cutting problems. However,

The following actions should be followed by teachers and administrators in addressing class cuts.

- **First Cut:** Teacher meets with the student and verifies that a cut has occurred. The teacher informs the parent or legal guardian and submits a discipline referral to an administrator. The administrator informs the parent/guardian of the cut, and the student is assigned a half-hour detention.
- **Second Cut:** Teacher meets with the student and verifies that a cut has occurred. The teacher informs the parent or legal guardian and submits a discipline referral to an administrator. The administrator meets with the student and assigns one day of in-school suspension. The administrator contacts the parent/guardian to inform them of the cut and in-school suspension.
- **Third Cut:** Teacher meets with the student and verifies that a cut has occurred. The teacher informs the parent or legal guardian and submits a discipline referral to an administrator. The administrator meets with the student and assigns two days of in-school suspension. The administrator contacts the parent/guardian to inform them of the cut and the in-school suspension. The student cannot participate in extracurricular activities for a minimum of two weeks. A parent/guardian conference is required before the student can return to school.
- **Fourth Cut:** Teacher meets with the student and verifies that a cut has occurred. The teacher informs the parent or guardian and submits a discipline referral to an administrator. The administrator meets with the teacher to determine if the student should fail the course. If the student is to fail, the administrator contacts the parent/guardian, teacher, and counselor, in writing stating that the student is to receive a failing grade for the marking period. The administrator meets with the student and assigns three days in-school suspension. The administrator contacts the parent/guardian to inform them of the cut and the in-school-suspension. A parent or guardian conference is required before the student can return to school.

Any assignments, projects, or tests due on the day of a verified class cut shall receive a failing grade.

## WEAPONS

The Morrisville School District, in compliance with Act 26 of 1995, and 24 P.S. 13-1317.2, prohibits any type of weapon and/or explosive devices in school buildings, on school grounds, and/or on school buses. The Board recognizes and respects the rights of students and staff to learn and work in a safe, nonviolent, and non-threatening environment. ## EXTRACURRICULAR CODE OF CONDUCT

Morrisville School District believes that anyone who participates in or attends an extracurricular activity is acting as an ambassador of the school. Violations of the Morrisville High School Student Handbook by students at an event which requires administrative action will be handled in accordance with the provisions of the specific sections as outlined in the Student Handbook. Each member of a club or team must meet a minimum set of requirements to actively participate in any extracurricular activity. These requirements include the following:

1. Failing two classes will exclude a player/member from participating for at least one week, until the player/member has elevated their grade above a D average.
2. A student who may be eligible to participate during a current season, but then fails more than one subject for that current marking period becomes ineligible to participate in extracurricular activities for the first 15 school days of the next athletic season, beginning on the first day of the new activity.
3. If a student is suspended from school, whether in school or out of school, that student will be on social probation throughout the duration of their suspension.
4. Students assigned to alternative schools may not be eligible to participate in any co-curricular or extra-curricular activity or sport.

Any student participating on a Morrisville High School athletic team must meet the following academic eligibility requirements.

1. Has not failed more than one subject the semester prior to the season. A student who has failed one subject is ineligible to participate in scrimmages or games for 15 school days with the understanding he/she is meeting all academic requirements. (PIAA)
2. During the season, any student who is failing TWO or more course(s) will be ineligible to participate in scrimmages or games for a one-week period (Sunday to Saturday). The student will be able to participate in practice and games once he/she has met all academic eligibility standards.

## **SECTION 9: ATHLETICS**

### **ATHLETIC PARTICIPATION**

The primary purpose of the athletic program in the Morrisville School District is to promote the physical, social, emotional, and mental well-being of the participants. It is hoped that athletics in our school will be a positive force in preparing youth for an exciting and vital role in society. The athletic program is an important and integral part of the total school program and is open to participation. The athlete gives time, energy, and loyalty to the program. They also accept the training rules, regulations, and responsibilities that are unique to the athletic program. In order to contribute to the welfare of the group, the athlete must willingly assume these obligations because the role demands that the individual makes sacrifices not required of others.

The rules and regulations for the student-athlete have been approved by the Morrisville administration and the Board of School Directors and shall apply to any violation -- on and off the school premises, during the sport season of participation. Morrisville School District offers interscholastic athletic teams in the following sports:

#### **GIRLS:**

Field Hockey  
Soccer (Co-Ed)  
Basketball  
Bowling (HS Only)  
Softball  
Cheerleading (HS Only)

#### **BOYS:**

Football (HS Only)  
Soccer (Co-Ed)  
Basketball  
Bowling (HS Only)  
Baseball

### **COACHING RULES**

Each coach will be issued an Athletic Handbook prior to their season. The athletic director and principal must approve any additional rules or regulations developed by the Head Coach of any sport. These additional rules must be issued to all participants in their sort, in writing. A copy of these rules must be in writing and on file in the Athletic Office. These additional rules and regulations must be in writing and on file in the Athletic Office.

### **COMPLETION OF SPORTS SEASON**

In order for the student-athlete to be eligible for a letter, team and/or individual awards, it is required that they complete the sports season, including post-season playoffs, tournaments and exhibitions. The only exception will be illness and/or injury, which limits participation. No awards will be given to any student-athlete suspended and/or dismissed from the remainder of the season for Student Handbook violations; or who has an outstanding obligation with the Athletic Department.

### **EQUIPMENT AND UNIFORMS**

Equipment and uniforms are issued to students on a loan basis and are to be worn only when authorized by the coach. If any of the equipment is not returned at the conclusion of the season, an obligation will be

issued to the student for the fair cost of replacing it. Until the obligation is resolved, the student will not be eligible for athletic awards and will not be permitted to participate in any future athletic seasons or other extracurricular activities as outlined in this handbook.

## **HAZING OF ATHLETES**

The practices of hazing will not be tolerated in the Morrisville High School Athletic Department. Any violations should be reported immediately to the head coach and/or athletic director. Violators face suspension and/or dismissal from the team, and additional school consequences.

## **N.C.A.A. DIVISION I ATHLETIC ELIGIBILITY**

Students must meet certain specified requirements in order to practice and compete on intercollegiate Division I teams. These requirements do not apply to Division II and III institutions, and they do not affect a student's eligibility for admission.

The requirements are:

A qualifier used herein is defined as one who is a high school graduate and at the time of graduation from high school presented an accumulative grade-point average of 2.0 (based on a possible 4.0) in a core curriculum of at least eleven academic courses including at least three years in English, two years in mathematics, two years in social sciences, and two years in natural or physical sciences (including at least one laboratory class, if offered by the high school) as certified on the high school transcript or by official correspondence, as well as a (minimum) 700 combined score on the SAT verbal and math sections or a (minimum) 15 composite score on the ACT.

Graduation requirements from Morrisville Middle/Senior High School exceed the above stated minimum requirements in the various academic areas. Students and parents/guardians should be aware that the 2.0 minimum grade-point average solely includes courses taken in the core curriculum areas of English, mathematics, social sciences, science, foreign language and computer science. Grades from courses in other departments are not included.

## **PENNSYLVANIA INTERSCHOLASTIC ATHLETIC ASSOCIATION (P.I.A.A.)**

Morrisville High School is a member of the Pennsylvania Interscholastic Athletic Association (P.I.A.A.) and subscribes to the philosophy and intent of its by-laws. The P.I.A.A. by-laws that pertain to age, awards, attendance, health, transfers, and residence, participation, representation, curriculum, and seasonal rules will be followed. Each coach is responsible for knowing the rules, inform team members and parents/guardians, and to enforce them.

## **PRACTICES & CONTESTS**

Each member of any team is required to make a commitment to that sport during the season. Part of that commitment involves being at every scheduled practice and contest throughout the season. Unexcused absence from scheduled practices/contests will result in counseling by the head coach and notification of parent or legal guardian if necessary. If subsequent violations occur, a suspension and/or possible dismissal may occur.

## **REPORTING PROCEDURES FOR ELIGIBILITY**

The Athletic Director will check the grades of all students involved in interscholastic athletics twice a week. The first check will be on Wednesday of each week to give an update on any student who has a D or is failing a course. This information will be forwarded to the coach and student. On Monday morning at 9:00 AM grades will be checked. Any student who is failing (2) two courses will be ineligible to travel or participate in any contest from Monday through Saturday of that week. Eligibility shall be cumulative from the beginning of the grading period and will be reported on a weekly basis. The Athletic Director will compile athletic eligibility reports.

## **REQUIREMENTS TO PARTICIPATE IN A SPORT**

In order to practice or participate in any sport, a student must:

1. Submit a certificate of consent signed by the parent or guardian.
2. Provide a proof of fitness form from a licensed physician.
3. Concussion Education and ImPACT Test
4. Adhere to PIAA and Morrisville's academic standards.
5. Maintain good attendance and conduct.

## **SCHOOL ATTENDANCE & ELIGIBILITY FOR ATHLETICS**

A student must be in school by 10:00 a.m. in order to participate in an athletic contest or practice that day. An exception will be made if the student has a medical appointment, in which case, the student must present to the building administrator a signed statement from the doctor regarding the absence. A note from the parent or guardian for illness will also be acceptable.

If a student is absent the last school day of the week, and the competition is on a non-school day, the student must have administrative and parent/guardian permission to participate. It is recommended that the coach call the parent or legal guardian regarding the absence.

Academic eligibility for athletic activities is based on the premise that academic performance is the keystone of the curriculum and the standard against which participation is measured.

A student who is absent 20 days in a semester will be ineligible to compete in athletics for the remainder of the semester. A student, who has unexcused absences from school during a semester for a total of ten or more school days, shall not be eligible to participate until he/she has been in attendance for a total of sixty school days following their tenth day of absence, except where there is a consecutive absence of five or more school days, due to a confining illness or injury, death in the immediate family, court subpoena, or quarantine. The attendance office will have the authority to review extreme hardship cases.

## **SPORTSMANSHIP**

Student-athletes must keep in mind that they are always in the public eye and that their personal conduct will always be subject to the scrutiny of their fellow students, fans, opponents, community, and the media. Therefore, student-athletes have an obligation to serve as positive role models by subscribing to the following:

1. Show respect for authority and property.

2. Maintain academic eligibility and training rules.
3. Emphasize the ideals of sportsmanship, loyalty, ethical conduct, and fair play.
4. Understand that striving to win is important to success in athletics just as in every facet of life. Any display of unsportsmanlike behavior toward an opponent, official, or a spectator during the season will result in counseling by the coach and possible suspension from the team.

## **STUDENT-ATHLETE CONDUCT POLICY**

Violations of the Morrisville High School Student Handbook by student-athletes which require administrative action will be handled in accordance with the provisions of the specific sections as outlined in the Student Handbook.

1. For example, if a violation involves a suspension, then said athlete will be suspended from practices and contests of that team for those days.
2. It should be clearly understood that the same standard of behavior and discipline for the regular student shall also apply to the student-athlete. Any violations of the Student Conduct Policy may result in forfeiture of the privilege to participate on a Morrisville athletic team.
3. The school administration reserves the right to suspend or remove an athlete who has been found to have engaged in behavior detrimental to the school. This can include actions related to school or criminal/civil actions outside of school. The parent or guardian will be informed of the administration's desire to remove their son/daughter and be requested to attend a meeting. The parent/guardian will have an opportunity to present information regarding their son/daughter's actions. For athletes, the removal would be effective during a specific sports season.

Most teams compete in the Bicentennial Athletic League and are governed by the regulations set forth by the Pennsylvania Interscholastic Athletic Association. Our classification in the P.I.A.A. system is Class A, District One. This classification is based on student enrollment.

## **TOBACCO USE & ANABOLIC STEROID USE**

P.I.A.A. Board of Control Policy prohibits the use of tobacco products by participating and nonparticipating team personnel, including coaches, during any level of interscholastic athletic competition. In addition, the use of anabolic steroids, except for a valid medical purpose, by any student involved in school-related athletics is prohibited.

## **TRAVELING TO COMPETITIONS**

Athletes must travel to and from contests, away from Morrisville, in transportation provided by the school. The only exceptions are:

1. Injury to a participant which would require alternate transportation.
2. Prior arrangement made in writing between the participant's parent/guardian and the coach for the student to ride with the parent/guardian. **A student may not drive to any contest.**

Dear Parent/Guardian:

The School Board members and district staff believe that it is extremely important for students to be present for class daily to gain the greatest academic benefit from the learning process.

In order for such an absence to be considered excused, the request must comply with Board Policy 204, Attendance and the corresponding Administrative Regulations.

If you have any questions or require assistance, please contact the principal of the school which your child attends.

Sincerely,

Sean D. Haines
